

Specifications

Road Blocker Dimension	(Intercept width+ 180mm) L x 1260 W x 880 H (Depth)
Road Blocker Height from Ground Level	650mm
Road Blocker Intercept Width	3m - 4m - 5m - 6m
Road Blocker Depth	880mm
Top Plate Thickness	25mm
Movement Principle	Hydraulic
Rising Time	3-5s
Color	Optional
Type of Use	Intensive
Road Blocker Finish	Anti-corrosion Treatment
E.F.O. Circuit for Emergency Rising	Optional - E.F.O. rising time 1.5s
Protection Class	IP67
Reflecting Adhesive Strip	Optional
Led Warning Light	Optional
Device for Manual Handling	Optional
Voltage for Control Unit	380VAC/DC 12V, 50/60HZ
Rated Power	3KW (3m-4m-5m), 4KW (6m)
Hydraulic Station Dimension	700 x 500 x 1350 (LxWxH) (mm)
Life Units	10 years
Operating Temperature	-40°C ~ 70°C (for Low Temperatures See the Heating Resistance)
Operating Humidity	≤95% non-condensing humidity
Impact Tested	6800 kg/65kmh impact test, equal ASTM K8/M40

Features

- Comprehensive understanding of attack resistance
- Confidence in proven performance
- Operational under power failure control
- Reliable and dependable
- Protection from multi-direction impact approach
- Strength and durability
- Flexibility to interface with all forms of access conditions

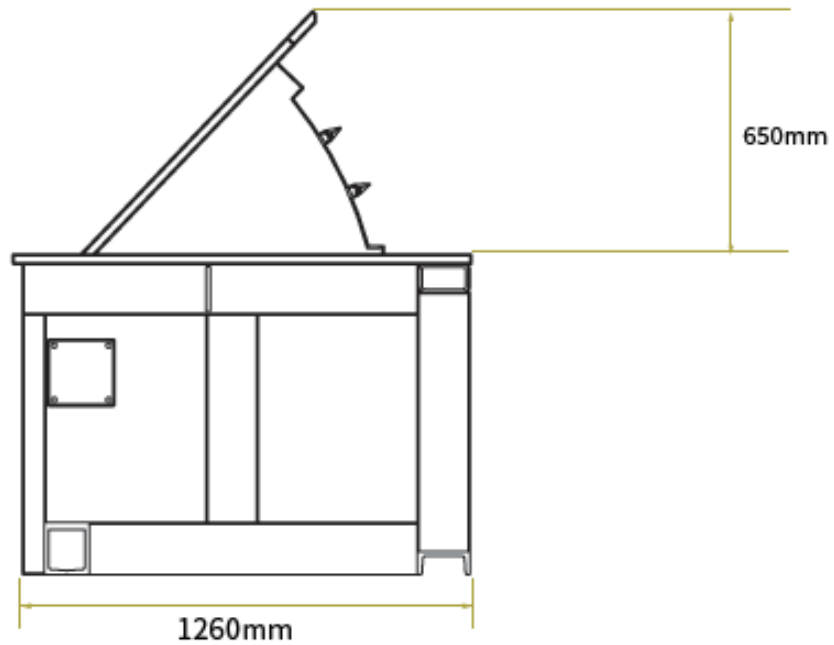

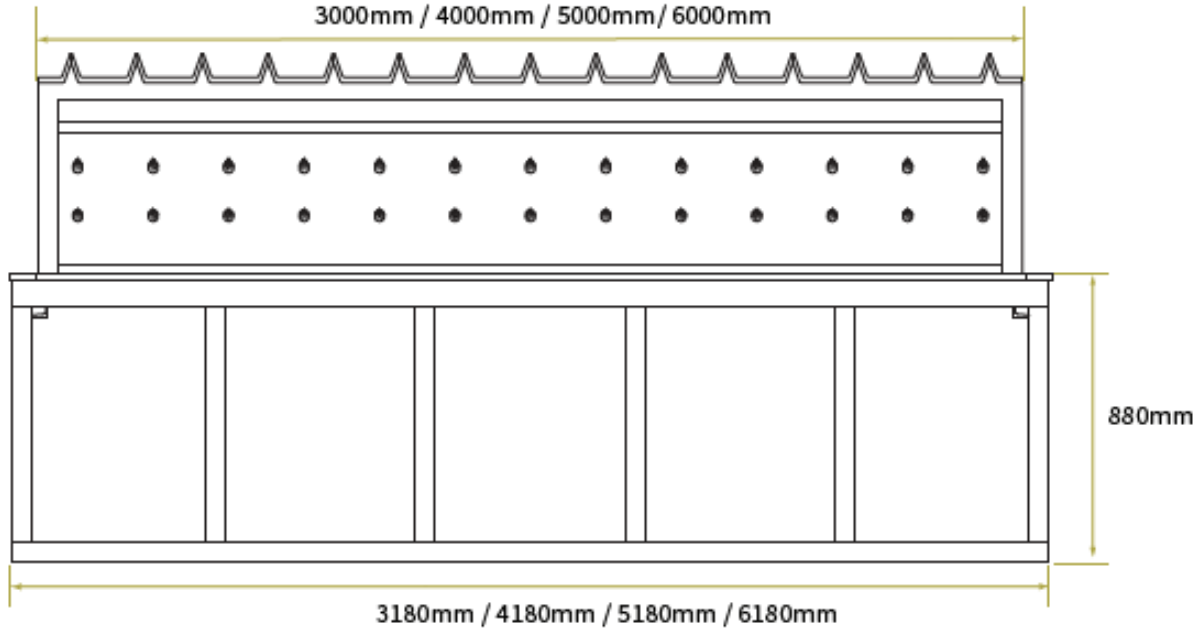

Available Options

- Emergency fast raise system
- Emergency buttons with lock down
- Accumulator systems for hydraulic operation in power failure conditions
- Access and intercom systems
- UPS backup for the electrical system
- Interlocking systems to give air-lock type protection on sites with higher threat levels
- Inductive loop systems
- Traffic lights and back indications systems
- Integral inset warning lights in A3 steel cover plate with anti-slip coating
- E.F.O. emergency start-up circuit (about 1.5 seconds)
- Equipment for manual operation
- Heat-resistant
- Traffic light with two lights (green-red)
- Loop inductive detector
- Inductive loop

Available Models

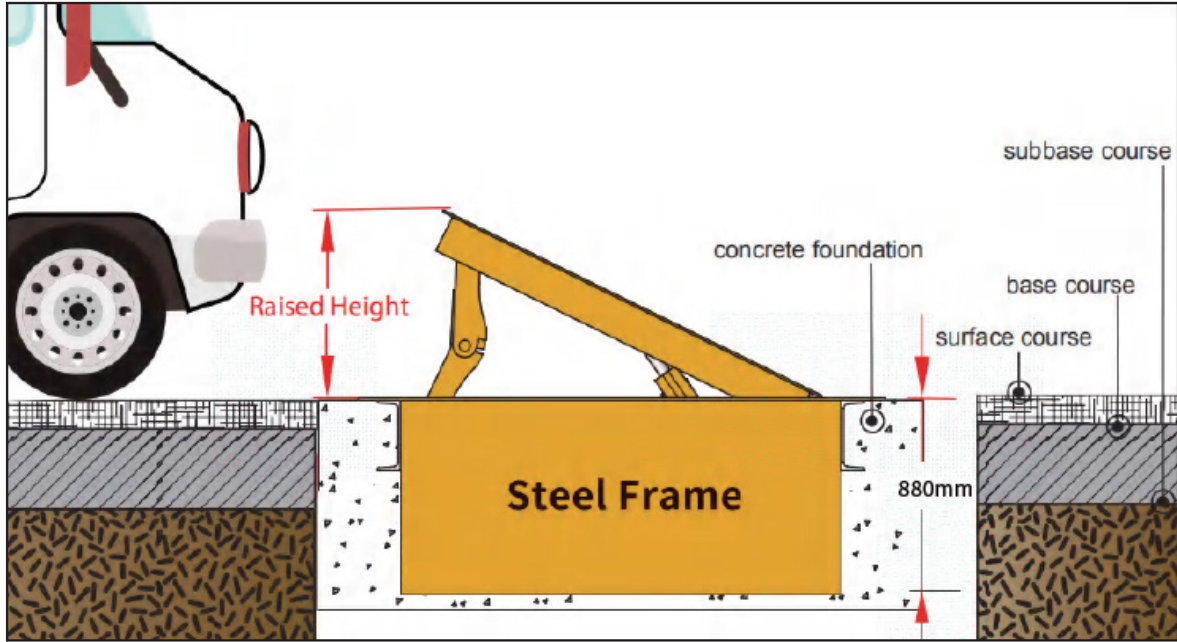

MODEL NUMBER	DIMENSIONS (LxWxH) mm/ft
2MRB-10	3180 x 1260 x 880 (mm) Intercept Width: 3000mm / 10.4 x 4.1 x 2.9 (ft) Intercept Width: 9.8ft
2MRB-13	4180 x 1260 x 880 (mm) Intercept Width: 4000mm / 13.7 x 4.1 x 2.9 (ft) Intercept Width: 13.1ft
2MRB-17	5180 x 1260 x 880 (mm) Intercept Width: 5000mm / 16.9 x 4.1 x 2.9 (ft) Intercept Width: 16.4ft
2MRB-20	6180 x 1260 x 880 (mm) Intercept Width: 6000mm / 20.3 x 4.1 x 2.9 (ft) Intercept Width: 19.7ft
